*Complete Auto Loans is happy to announce a new office location in order to better provide consumers with 100% approvals for bad credit auto loans.*

Seattle, Wa ([PRWEB](#)) January 10, 2013 -- Internet based company, Complete Auto Loans, moves its home office! The new office offers more space for greater productivity and better assistance in providing auto loans for holders of good credit, [bad credit](#), and no credit at all.

A little over a year ago, the masterminds behind Complete Auto Loans began providing easily accessible auto loans to the public. These auto loans were made available to anyone across the US including students and bad credit holders as well as new and used, dealer and non-dealer vehicles. Filling such a void in the auto loan industry has brought a lot of traffic their way.

Since their beginning, the company has grown and provided auto loans - even [bad credit auto loans](#) - to many happy and truly grateful car loan seekers. "Their approval process was fast. I was able to get the loan I needed in about 24 hours," testified one satisfied client. Another impressed customer stated "I actually have really good credit but was looking for an easy way to get a loan. After finding Complete Auto Loans I was approved in about 60 seconds. Great to be pre-approved before I step onto a car lot."

The new office where the Complete Auto Loans masterminds will be conducting their business is in a storefront location in downtown North Everett in Washington State having moved from Arlington. Their new office features a larger floor plan with extra room for the new employees recently hired. They anticipate increased productivity and better service and information for the public on auto loans, [bad credit auto loans](#), student auto loans, and auto financing in general.

While their office hours are from 9-5, the owners boast that anyone can get accepted for an auto loan with them 24/7. "Our services are available to anyone at any time," one of the owners confidently expressed.
