

Chick-Fil-A and Adopt A Highway Maintenance Corporation® Are Keeping Nevada's Highways Litter-Free

Adopt A Highway Maintenance Corporation® is delighted to announce that Chick-fil-A on Sparks Boulevard by the I-80 has sponsored two signs in Nevada. Located between Sparks Boulevard and Vista Boulevard. Each sign supports highway litter-removal and maintenance efforts, to keep Nevada's roadways scenic and safe!

SPARKS, Nev. ([PRWEB](#)) January 04, 2019 -- With the help of businesses such as Chick-fil-A, the Nevada Sponsor A Highway® Program has served its local communities with highway beautification services along some of the busiest highways in the greater Nevada area. Sponsoring not just one, but two signs on the I-80 tells the community that Chick-fil-A wants to provide everyone with the ability to travel safely. Finding a way to bring new customers into this Chick-fil-A location, as well as improving roadway safety for all drivers is a win-win situation for this restaurant.

Between Chick-fil-A's delicious menu, caring team members, and willingness to help their community by supporting the Nevada Sponsor A Highway® Program, they are indeed a force to be reckoned with. To think, it all began in 1964 when the founder, S. Truett Cathy, created the classic Chick-fil-A chicken sandwich. To him, we owe credit for starting the legacy that we all know and love as Chick-fil-A— a place where the community can unite to laugh, talk, and make memories.
