

The Juicy Crab and Adopt A Highway Maintenance Corporation® Are Keeping Georgia's Highways Litter-Free

Adopt A Highway Maintenance Corporation® is delighted to announce that The Juicy Crab has graciously decided to sponsor a total of 15 segments of highway throughout the state of Georgia. Each segment sponsored supports highway clean-up and maintenance to keep Georgia's roadways safe and looking picturesque.

CONYERS, Ga. ([PRWEB](#)) January 05, 2019 -- With the help of businesses such as The Juicy Crab, the Georgia Adopt A Highway® Program has served its local communities with highway beautification services along some of the busiest highways in the greater Georgia area. Finding companies that understand the importance of offering drivers the ability of a safe and clean road to travel on deserves a celebration.

As The Juicy Crab's popularity continues to grow, they believe it's the perfect time to pay it forward to the patrons that have supported them since the restaurant opened. The Juicy Crab decided there is no better way to give back, than to join forces with Georgia Adopt A Highway® Program—allowing the company to keep Georgia highways clean for everyone to enjoy.

The company has proved that they are not merely jumping on the "corporate social responsibility" bandwagon, but rather becoming an industry leader in the movement to give back to their community in a way that will benefit the environment for years to come.

The Juicy Crab first opened its doors in Duluth, Georgia in 2015, but the inspiration came from Grandfather Chen's sailing adventures around the world. Through these extended voyages, he learned many techniques and cooking styles. His love for the New Orleans style of cooking is what has inspired the cuisine for The Juicy Crab, and from there, the company's popularity continued to flourish. Their loyal customers will tell you that the Chen family has delicately picked the perfect flavor combination for every dish.
