

## **Grand Canyon University and Adopt A Highway Maintenance Corporation® Are Keeping Arizona's Highway's Litter-Free**

*Adopt A Highway Maintenance Corporation® is delighted to announce that Grand Canyon University (GCU) has increased their participation in the Arizona Sponsor A Highway® Program. The University now has a total of seven sponsorship signs throughout Phoenix, Arizona. Each sign supports highway clean-up and maintenance to keep Arizona's roadways safe and looking picturesque!*

PHOENIX ([PRWEB](#)) January 05, 2019 -- By supporting the Arizona Adopt A Highway® Program, GCU is pledging to help their students travel safely. In a world where giving back has become a corporate responsibility, Adopt A Highway Maintenance Corporation® is grateful that GCU is devoted to keeping roadways litter-free.

The team of administrators at GCU strive to offer their students a well-rounded education while continuing to lead a movement of service in a Christian setting. While it's admirable to teach their students to serve their community, it speaks volumes that the school is also choosing to lead by the example.

Sponsoring seven signs with Adopt A Highway Maintenance Corporation® is a clear indication to the Arizona community, that driving safely is vital to GCU. Being a highway sponsor shows the students, that giving back to the community, as well as the environment, can begin with small acts that leave a significant impact.

Grand Canyon University has been molding minds for over 65 years and has continuously earned regional accreditation from the Higher Learning Commission (HLC) since 1968. While academics are of great importance, GCU also believes in the necessity of giving back to the community. By operating as a non-profit organization, both faculty members and students alike have an increased opportunity to give back to the community.
