NMDOT Announces Completion of I-25 Widening Project
San Antonio to Jefferson

Albuquerque, NM – The New Mexico Department of Transportation is announcing that the I-25 widening project has reached substantial completion and all traffic impacts on the Interstate have been completed. The project included the construction of an additional lane on I-25 southbound from San Antonio to Jefferson and an additional second lane on the northbound off ramp at the San Antonio interchange. The project began in November 2017 and has been completed within allowed time and budget. The project was completed to improve the mobility and efficiency for motorists traveling through the corridor.
