

New Anti-Texting and Driving Scholarship from Dixie Law Group

Dixie Law Group is challenging students to paint anti-texting and driving messages on their cars for the opportunity to win \$1000 for their education.

LOUISVILLE, Ky. ([PRWEB](#)) January 02, 2020 -- Distracted driving is a rapidly increasing cause for driving fatalities in America, which is why Dixie Law Group is promoting their scholarship aimed at ending texting and driving. Applicants for the scholarship are to paint their cars (with washable car paint) to send the message that texting and driving is not okay.

Dixie Law Group is home to some of the leading car accident attorneys in Louisville. Every day they see the disastrous effects of texting and driving, and are motivated to make a difference.

This is why Dixie designed the Paint Away Texting and Driving scholarship, aimed at all students and leaning away from the traditional essay-writing required in many scholarships. Dixie believes that responsible driving is accessible to everyone, no matter their academic record, beyond being enrolled in or accepted into an accredited college or university.

The submission period opens January 1st, 2020, and closes April 1st, 2020.

To qualify for Dixie's scholarship, applicants must:

- 1) Provide proof of enrollment in, or acceptance for the upcoming year, an accredited university or college (to be verified upon winner selection)
- 2) Paint an anti-texting and driving message on their or a consenting car owner's car
- 3) Post a photo of themselves with their cars on Facebook with the hashtag #donttextanddrive and tag @dixielawgroup

Only submit one application per applicant

The winner will receive \$1000 to go towards their education and will be chosen two weeks after the closing deadline.

Applicants are encouraged to get creative with their designs without compromising driver visibility and safety.

About Dixie Law Group:
