

## **AMSOIL Introduces 100% Synthetic ATV/UTV Powertrain Fluid**

*Purpose-built to meet the demands of ATV/UTV transmissions/differentials & front drives.*

SUPERIOR, Wis. ([PRWEB](#)) January 07, 2020 -- New AMSOIL 100% Synthetic ATV/UTV Powertrain Fluid is specifically designed for transmission/differentials and front drives in ATV/UTV applications. It protects heavily loaded, high-torque gears while also helping prevent clutch chatter. Even in extreme operating conditions, it fights harmful deposits for maximum component cleanliness and life.

AMSOIL Synthetic ATV/UTV Powertrain Fluid features a low pour point for fast, reliable lubricant flow and excellent cold-weather start-up protection. Synthetic ATV/UTV Powertrain Fluid offers riders confidence their machines are protected even under extreme loads and weather conditions.

AMSOIL Synthetic ATV/UTV Powertrain Fluid is purpose-built and recommended by AMSOIL for use in Polaris® ATV/UTV transmission/differentials and front drives. It's a high-performance alternative to Polaris Demand Drive Fluid and Polaris AGL Synthetic Gearcase Lubricant and Transmission Fluid, providing enthusiasts the advantage of buying just one fluid instead of two.

AMSOIL Synthetic ATV/UTV Powertrain Fluid is available in the award-winning AMSOIL easy-pack to reduce mess, waste and hassle when performing tricky lubricant installations. It's Warranty Secure,<sup>™</sup> keeping your factory warranty intact. Visit [www.amsoil.com/guaranteed](http://www.amsoil.com/guaranteed) to learn more.

AMSOIL has been the recognized leader in synthetic lubrication since 1972. For more information about AMSOIL synthetic lubricants and performance products contact your nearest AMSOIL distributor or call AMSOIL at (715) 392-7101 or 1-800-777-8491.
