*North Carolina Car Shoppers can get a Lamborghini Huracan for pre-owned prices at Lamborghini Charlotte*

CHARLOTTE, N.C. ([PRWEB](#)) January 10, 2020 -- The Lamborghini Huracan is the Italian automaker's most affordable sports car currently in production. With convertible, rear-wheel drive and performance variants, it's the starter Lamborghini for shoppers new to the brand. [Lamborghini Charlotte](#) currently has [six models in stock](#) at their location in Charlotte, North Carolina.

The stock at Lamborghini Charlotte consists mostly of 2018 model years of the vehicle. Since the Huracan was introduced rather recently, the oldest model year of the Huracan is a 2016. The five 2018 Huracan models range in price from \$200,000 to \$274,900. The most common trim level among them is the Huracan Performante, a trim that increases the horsepower and torque beyond the model's base level.

One of Huracan models in stock is a rear-wheel drive coupe. This version of the Huracan is the least expensive, comes in the orange color named Arancio Borealis and has a pearl effect to it. Lastly, the dealership has a Huracan Spyder available. This convertible version also has rear-wheel drive and comes in Blanco Monocerus (white).

Since each model is pre-owned, every Lamborghini Huracan model found at Lamborghini Charlotte has at least a thousand miles on it. The rear-wheel drive coupe has the least, at 1,139 miles, while most of the others have crossed the 4,000-mile mark.
