

Roberts Toyota dealership offers free Visa reward cards to its customers as a thank you

Customers of Roberts Toyota can receive a complimentary Visa reward card for choosing to shop at the dealership

COLUMBIA, Tenn. ([PRWEB](#)) June 15, 2020 -- Right now, Roberts Toyota is offering a special incentive for customers who are considering shopping at the dealership. There is no purchase necessary to receive the \$25 Visa reward card being given out by the dealership. Customers who use the dealership's website, robertstoyota.com, to shop or do research, will be offered one of these complimentary gifts.

In order to receive this free incentive for considering Roberts Toyota, guests will be asked to fill out a quick pop-up form on the website. The form asks for customers' names, email addresses and phone numbers, and specifies that the guest may receive messages from the dealership via email or phone.

Visa rewards cards are gift cards that can be used at most locations, including retail shops and grocery stores. They can also be used to shop online. They do not need to be spent at the dealership, which makes them versatile. Roberts Toyota chose this way to give back to the community.

Besides getting a free gift card, customers can use the dealership's website for a variety of tasks, including online shopping, researching and scheduling service appointments. The website also offers the dealership's contact information for guests who would like to learn more about current incentives at the dealership or about the dealership's current policies and procedures. One tab at the top of the site, labeled "Finance" offers customers free information on vehicle trade-in value, warranties, credit approval and more.
