

California Dealership Adds Hyundai Hybrid and Electric EV Model Reviews to Website

Hyundai of Moreno Valley reviews 2020 Hyundai Kona Electric EV, Ioniq Hybrid and Ioniq Plug-In Hybrid.

MORENO VALLEY, Calif. ([PRWEB](#)) January 23, 2020 -- Drivers in California have many incredible vehicles to choose from when shopping for a fuel-efficient car, crossover or SUV. With miles per gallon being an important quality that drivers want and need in their new vehicle, fuel efficiency has become one of the most important things that a shopper looks for when buying a new car, crossover or SUV. To help drivers learn more about some of the newest vehicles that can offer impressive fuel economy ratings, Hyundai of Moreno Valley has recently added three model reviews to its website. The model reviews offer valuable information about the new 2020 Hyundai Kona Electric EV crossover, Ioniq Hybrid and Ioniq Plug-In Hybrid.

The first model review that fuel-efficient shoppers can learn more about by visiting the dealership's website offers [valuable information about the 2020 Hyundai Kona Electric EV crossover](#). This sporty and extremely efficient vehicle is an electric-powered compact crossover that offers gas-free miles, seating for up to five passengers, impressive cargo space and a long list of technology and comfort features to choose from.

The other model reviews available on the Hyundai of Moreno Valley website offer a closer and more [detailed look at the 2020 Hyundai Ioniq Hybrid](#) and 2020 Hyundai Ioniq Plug-In Hybrid. Both models can seat up to five passengers and deliver the fuel efficiency and sporty style a driver is looking for in a new car. These fuel-efficient Hyundai models also offer excellent safety protection and plenty of innovative features and comfort options.

To learn more about the 2020 Hyundai Kona Electric EV, 2020 Hyundai Ioniq Hybrid or the 2020 Hyundai Plug-In Hybrid, shoppers are encouraged to visit the California Hyundai dealership's website by going to www.hyundaiofmorenovalley.com. Drivers may also contact the dealer's sales department to ask further questions about these new models or to schedule a test drive by calling 951-900-4248.
