

Capital Honda welcomes the new 2020 Honda Passport crossover

The new Passport boasts generous cargo space and a long list of features for 2020

CHARLOTTETOWN, Prince Edward Island ([PRWEB](#)) January 31, 2020 -- Prospective SUV shoppers can now test drive the [2020 Honda Passport](#) at Capital Honda. The powerful crossover SUV is now in stock and is available in four trims and a variety of sophisticated color options. The new 2020 model is the third generation of the SUV, which returned to the market in 2019 after a hiatus.

At the heart of every 2020 Honda Passport is a powerful 280-hp, 3.5-liter V6 engine paired with a nine-speed automatic transmission and front-wheel drive. The Elite model receives all-wheel drive as standard equipment, while the other three trims have it as an option.

Inside the SUV's cabin is a generous selection of premium equipment, including standard keyless entry and ignition, tri-zone automatic climate control, a 5-inch central display, a seven-speaker audio system and much more. The 2020 Honda Passport is also available with Apple CarPlay™, Android Auto™, a hands-free liftgate, a sunroof, a 10-speaker sound system, integrated navigation and a wireless smartphone charging pad.

Every 2020 Honda Passport also comes standard with a variety of driver safety aids. Even the base Sport model is equipped with adaptive cruise control and forward collision warning with automatic emergency braking. Moving up in trim makes even more safety technologies available, including blind-spot monitoring, parking sensors and much more.

Capital Honda is a family-owned car dealership that has been a fixture on Prince Edward Island since 1986. The dealership offers a large selection of new and pre-owned vehicles, financing and Honda automotive service and repair. More information about the dealership and its many products and services can be found at <https://www.capitalhonda.com/>. Interested individuals can also contact the dealership directly by calling (902) 566-1101.
