

## **Lexus Automobiles Taste of Luxury Jazz Brunch Event**

*A jazzy event calls for an event coordinator with pizzazz and Events by Brawin fits the bill.*

([PRWEB](#)) October 29, 2004 -- The Lexus Taste of Luxury Tour gives guests the opportunity to test-drive any 2004 Lexus model that suits your fancy, plus those of their top competitors.

Guests are also invited to indulge in an array of delicacies prepared by gourmet chefs. Listen to the incredible sounds provided by the Mark Levinson® audio system. Work on their golf swing with a professional instructor. Or even plan the ideal luxury escape. It's not your average test drive.

Events by Brawin coordinated the VIP Brunch, which served as the exclamation point to the Taste of Luxury Weekend.

### **A Fusion Experience For All of Your Senses**

On October 10th at the Sambuca Jazz Caf   (kudos!), we continued to indulge the senses with an elegantly prepared brunch and an afternoon of jazz with Grammy-nominated Blue Note jazz sensation Stefon Harris & Blackout Evolution.

Guests enjoyed the food, the venue, the socializing, the atmosphere, the SC430 and - most of all - the entertainment! Guests were left wanting more. Next stop...Dallas! Be sure to check out our new photo [www.brawin.com/brawingallery/index.html](http://www.brawin.com/brawingallery/index.html)
