

Radar Detectors, Radar Jammers Now Available at Spy Tools Directory

Spy Gadgets Category Expands to Include Auto and Motorcycle Radar Detection and Jamming Devices

([PRWEB](#)) June 5, 2004 --The 'Spy Gadgets' category of the Spy Tools Directory added a new sub-category today, expanding to include radar detectors and radar jammers (<http://www.spy-tools-directory.com/spy-gadgets/radar-detectors.html>) for its site visitors.

"This is another phase in growth for us, and we are glad to be able to offer these types of products through our website," said Steve Salm, lead editor for the Directory. "Radar detectors and radar jammers are a hot commodity on the web, and this new category will allow prospective buyers to compare prices, read reviews, and purchase the best radar detection systems on the market."

Site visitors can browse the new category to find name-brand radar detectors and radar jamming systems, get price comparisons, and read product reviews through links the provided.

For more information on radar detectors or radar jammers, please visit the 'Radar Detectors' category of the Spy Tools Directory online at: <http://www.spy-tools-directory.com/spy-gadgets/radar-detectors.html>

About Spy Tools Directory:

Spy Tools Directory was launched in 2003 to serve as the authoritative resource on topics related to the field of Private Investigations. With hundreds of listings featuring such products as spy software, spy cameras, Net Detective, spy gadgets, and private investigator agency resources, the site has quickly become one of the largest and most respected industry-specific directories on the Web. The site currently offers free website listings to private investigators, spy software vendors, and surveillance equipment manufacturers world-wide.
