

## **Motocross Resource Guide - Summer 2004 Now Available**

*Motocross Marketing USA today announced the release of the Motocross Resource Guide 2004. The "atyour-fingertip"reference for everything motocross.*

El Cajon, CA ([PRWEB](#)) June 11, 2004 -- Motocross Marketing USA today announced the release of the Summer 2004 issue of the Motocross Resource Guide. This semi-annual publication is designed as a finger-tip reference for a wide variety of motocross information.

Rick Witt, President of Motocross Marketing USA had these comments about this inaugural issue. "Fourteen months ago this was just an idea sketched out on some napkins in Temecula. Now, with this first issue we have a product we think appeals to a broad spectrum of motocross enthusiasts. We want this to be a truly unique publication. This is not a magazine. There are 60 sections and over 330 pages of motocross information only. Ideally, our goal is to use this guide to do what our company name says, market motocross in the USA."

This issue includes a race by race summary of the 2004 THQ AMA Supercross Series as well as preview and venue information for the AMA Chevy Motocross Championships. Also included are results for the complete arenacross season, amateur results from Loretta Lynn's, Ponca City and much more.

The Motocross Resource Guide is available for \$24.95 from Motocross Marketing USA at 619-749-9543, on the internet at [www.MotocrossGuide.com](http://www.MotocrossGuide.com) and at select dealers across the United States.
