

Automotive service center near Chicago offers free pick-up and drop-off option for customers

Elgin Volkswagen will fetch maintenance customers' vehicles from their home and return them after service is complete.

ELGIN, Ill. ([PRWEB](#)) March 20, 2020 -- The service center at Elgin Volkswagen, a dealership serving the entire Chicago area, is currently offering a free pick-up and delivery service for all customers. A service representative will come pick up the customer's vehicle from their place of residence, take it to the [Elgin VW service center](#) for desired maintenance procedure(s) and then return the vehicle to the individual.

The pick-up and delivery service option is not only convenient, but also a wise way to slow the spread of the COVID-19 coronavirus by minimizing one's exposure to public places. Instead of having to drive out in public, interact in a dealership, and possibly wait in the service center's public waiting area, the pick-up and delivery service allows customers to stay put in the comfort and security of home while maintenance on their vehicle is taken care of.

These precautions are in keeping with current recommendations from the Center for Disease Control (CDC), which encourage individuals to make minimal contact with other people and to avoid groups. For those requiring service in the Chicago area, the ability to have one's vehicle personally picked up and delivered to the place best for them is a substantive benefit.

To get started with the procedure, a service appointment at Elgin Volkswagen can be [scheduled online through their website](#). After one completes the short submission form, a service representative will be in touch to confirm the appointment. Elgin Volkswagen puts a strong priority on its top-notch service team, which excels in high-quality maintenance and repair work while simultaneously getting the job done as quickly as possible.

Those interested in getting free service pick-up and delivery from Elgin Volkswagen are urged to head to the dealership website at www.elginvw.com. Individuals may also make a phone call to 877-797-6424. If one does wish to visit the dealership in-person, they may head to its location at 2630 Auto Mall Drive, Elgin.
