

Honda of Victoria Offers Service Savings Now Through End of March

Save big on vehicle maintenance and inspections this March

VICTORIA, Texas ([PRWEB](#)) March 23, 2021 -- Drivers living in the Victoria area can take advantage of an array of maintenance savings this March. Honda of Victoria is offering service coupons from a simple oil change to a wheel alignment. Interested parties are encouraged to take advantage of these savings.

A conventional oil change is available for \$44.95 and a synthetic oil change is \$59.95. Both of these include replacing up to five quarts of oil and replacing the current oil filter for a premium OEM filter.

For \$89.95 a vehicle can have a four-wheel alignment. This service will make the vehicle handle better, achieve better gas mileage and add life to the tires. Beyond the alignment this service includes the adjustment of the caster, camber and toe to factory specifications, inspecting the steering linkage, inspecting the shock absorbers/struts and suspension and checking the tire pressure.

Individuals can receive 10% off a regularly-scheduled maintenance service. This coupon is valid for service costs up to \$250.

For individuals that currently have a check engine light on, Honda of Victoria is offering a check engine light diagnosis for \$75. Regularly priced at \$135 this service includes a scan for trouble codes and provides a basic diagnosis of potential causes and a solution.

With summer right around the corner, it is time to have the A/C system serviced. For \$30, the technicians at Honda of Victoria will replace up to one pound of Freon refrigerant, inspect and test the A/C system parts for leaks and inspect the A/C hoses.

Honda of Victoria is offering three free services this March. Individuals can have a multi-point inspection conducted, which includes a visual tire inspection, battery test, visual brake inspection, windshield wiper blade inspection and topping off fluids. The free brake inspection includes inspecting the brake pads and linings, caliper operation, rotors, hoses and other connections and parking brake. Finally, the A/C system can be tested for proper cooling and operation and the hoses and connections inspected for leaks.

The shop fees, environmental fees, core charges, taxes and other federal, state or locally mandated fees are in addition to the offers listed above. The discount will be applied before fees and taxes. There is a limit of one discount per transaction. The coupon must be shown or mentioned to the service advisor or parts counter upon arrival at the dealership. The above offers are not applicable to all vehicles or circumstances. These coupons are good now through March 31.

For more information, visit <https://www.hondaofvictoria.com>. Honda of Victoria is located at 116 Huvar St., Victoria, Texas 77904. The service department is open Monday through Friday from 8 a.m. to 6 p.m. and Saturday from 8 a.m. to 3 p.m. A service representative can be reached by calling 361-575-0495.
