

## **Daves Cycle World introduces choppers and limo bicycles to it's lowrider bicycle line!**

*Based on popular demand DavesCycleWorld.net has added choppers and limo bicycles to the site. They've even added an ALL TWISTED lowrider bike! [www.DavesCycleWorld.net](http://www.DavesCycleWorld.net) is your One-Stop LOWRIDER bike cyberstation!*

([PRWEB](#)) July 1, 2004 -- Daves Cycle World introduces the new line of choppers, limos, and an all twisted lowrider bike!

The choppers, with radical stretch, come in 20" and 26". Of course, there are several variations in size such as the 20" chopper with a 26" rear wheel and a 20" front wheel. The variations are endless! You can configure your chopper to have a banana seat or the chopper classic solo seat. Choppers are available in green, black, blue, red, burgundy, chrome, and purple. Choppers start at \$379.00.

The limo is available in 26". A stretch limo will run you \$480.00 and is only available in black at this time.

The completely twisted lowrider comes in 20". This baby is all chrome and will set you back \$1250.00. This is a must see with it's steering wheel and continental kit. It also features twisted spokes and seatpan. In fact, you would have to disassemble this bike to find a part that is not twisted!
