

Thompson Chevrolet Promotes its Online Services for Purchasing a Vehicle

Drivers can shop online for their next vehicle with Thompson Chevrolet

PATTERSON, Calif. ([PRWEB](#)) April 15, 2020 -- Thompson Chevrolet, a Chevrolet, Buick, GMC dealership in Patterson, helps its customers shop online by providing them with easy to use online tools. The dealership is currently promoting online shopping, along with at-home delivery for new vehicle purchases.

Shopping online continues to grow in popularity. Many people prefer to shop online to save time. Other benefits include the 24/7 availability of online shopping, the ease of researching a product, free online tools for calculating payments and more.

The dealership encourages its customers to try out online shopping by visiting its online inventory. Once a customer has found a vehicle they are interested in, they can select “Start Buying Process” and enter their zip code to view local offers. The dealership also provides customers with a [free, online calculator for estimating the value of their trade-in vehicle](#). A second online calculator helps customers estimate their future monthly payments.

After calculating their trade-in value and monthly payments, customers can choose vehicle accessories, protection and financing. The next step will take them to a detailed summary page that allows the customer to check over the deal and confirm a date for the delivery of their new vehicle. Vehicles can be delivered directly to a home address.

Drivers who are interested in shopping online can learn more about it at the dealership’s website, [thompsonchevrolet.com](#). The dealership has [a page dedicated to shopping online](#), which drivers can find from the home page of the website. The dealership staff can also be contacted for more information.
