

Hart Transportation Inc. Selects TruckMate for Windows Trucking Software

Maddocks Systems Inc., a leading supplier of software solutions for the transportation and logistics industry, continues to experience tremendous sales growth during 2004. Hart Transportation Inc., of Jacksonville, Florida has recently selected Maddocks TruckMate for Windows (TM4Win), as their new enterprise-wide trucking software solution.

Jacksonville, FL ([PRWEB](#)) July 18, 2004 -- Maddocks Systems Inc., a leading supplier of software solutions for the transportation and logistics industry, continues to experience tremendous sales growth during 2004. Hart Transportation Inc., of Jacksonville, Florida, has recently selected Maddocks TruckMate for Windows (TM4Win), as their new enterprise-wide trucking software solution.

"Hart Transportation has achieved tremendous growth by providing high quality service to its customers," commented Frank Pendleton, Vice President of Business Development for Hart Transportation Inc. "The Truckmate for Windows system will enable our company to provide a higher degree of customer service and enhance information flow for the entire company."

Hart Transportation Inc. is a 48 state dry van carrier, operating over 100 trucks that primarily service the Southeastern United States. Hart Transportation successfully provides a complete range of services including long haul and regional truckload, less than truckload (LTL), freight brokerage, intermodal drayage and warehousing. Hart currently serves numerous customers, including multi-national consumer & food product manufacturers and distributors, regional distribution centers and local manufacturers.

Hart Transportation Inc. represents a growing segment of the trucking industry that has the ability to offer diversified transportation services to meet the changing needs of their customers. In TruckMate for Windows, fleets have the ability to operate multiple modes of trucking operations within one complete software solution.

Founded in 1981, Maddocks Systems Inc. (www.maddockssystems.com) provides software solutions exclusively to the transportation and logistics industry. Truckmate for Windows, is an enterprise-wide client server product designed to meet the needs of Truckload, LTL, Brokerage/Logistics, Bulk, Intermodal and Private carriers. With over 400 installed systems, Maddocks is one of the leading trucking software providers in North America.
