

## **Carpages.ca Announces Affiliate Marketing Partner Program**

*Canada's Online Automotive Marketplace now offers Canadian websites an opportunity to earn additional revenue.*

MISSISSAUGA ([PRWEB](#)) July 22, 2004 -- The Carpages.ca Affiliate Marketing Partner Program is designed to help Canadian websites generate revenue by providing their visitors with a value added and relevant service.

The way it works is simple. Prospective affiliates apply for the program by filling out a quick online application. Once approved, affiliates can select from a variety of banner ads, text ads, and automotive content for integration into their website. Each time a visitor clicks on an ad and lists their vehicle on Carpages.ca, the affiliate earns \$4 USD (or approximately \$5.25 CAD).

The Program is available to Canadian websites as well as non-Canadian automotive related websites. Affiliates are subject to approval.

Interested parties can learn more about the Carpages.ca Affiliate Marketing Partner Program by going to [www.carpages.ca](http://www.carpages.ca)
