

## **AutoDiscover and AutoEval Team Up To Provide Vehicle Consumers Ultimate Value**

*AutoDiscover, a company that locates new and used vehicles for consumers at the lowest possible price, has entered into an agreement, effective September 1, 2004, with AutoEval, a company that provides shopping used vehicle consumers with pre-purchase diagnostic evaluations.*

West New York, NJ ([PRWEB](#)) September 1, 2004 -- AutoDiscover, a company that locates new and used vehicles for consumers at the lowest possible price, has entered into an agreement, effective September 1, 2004, with AutoEval, a company that provides shopping used vehicle consumers with pre-purchase diagnostic evaluations.

Both AutoDiscover and AutoEval will provide more value to their respective customers through reciprocating package deals and advertising. AutoDiscover will advertise in print and on the Internet a "Shopper's Package" to used vehicle buyers that includes AutoDiscover's vehicle finding services and AutoEval's pre-purchase evaluation.

AutoEval will offer a similar package on its website to customers. "This partnership is the ideal solution for the used car buyer. It provides the customer with the information they need to make a well-informed decision to buy a hassle-free car at the lowest possible price," says Ali Moazami, president of AutoDiscover.

AutoDiscover is affiliated with American Auto Consultants, Inc., which has been in business for more than 24 years. AutoDiscover advises the customer on financing, leasing, trade-ins, and every other decision of automobile purchasing. The company guarantees that it will obtain car prices substantially lower than any other company in writing.

AutoDiscover serves the public in the United States and Canada. The company was established to change the way the consumers buy and lease their cars by providing unbiased advice.
