

## **Scion tC owners get together for the First Annual Nor-Cal tC Owners Lap Around the Bay!**

*Scion tC owners will meet on October 24, 2004 in Northern California for a caravan from Sacramento, around the Bay Area and back. tC owners will be able to join up with the caravan at several points along the route in order to take part in this all day event.*

([PRWEB](#)) September 24, 2004 -- If you own a Scion tC and you'll be in the San Francisco Bay Area or near Sacramento on Sunday, October 24, 2004, you're invited! Please join us for the First Annual Nor-Cal tC Owners Lap Around the Bay and spend a day driving and meeting many other Scion tC owners from Northern California. Even if you're not from Northern California and are willing to travel for the event, you're more than welcome to join the fun, as long as you bring our Scion tC.

The event will start off from Sacramento and will loop around the Bay Area following a route that will have several stops along the way to pick up more tC owners who want to join the caravan. The group will continue to grow as we make our way down I-80 to 680, into the East Bay, onto Hwy 101, through the South Bay, up to San Francisco & over the Golden Gate Bridge. We will then make our way back, via Hwy 37, to I-80 and end up back where we started at Miller Park in Sacramento.

Sponsored by Scion, and with the cooperation of several area dealerships, we're expecting quite a turn out! If you would like to join us on October 24, or would like more information, please go to <http://events.yoursciontc.com>, where you can RSVP, find a map and get directions for the drive.

So, if you want to show your pride as a Scion tC owner, please take part in the First Annual Nor-Cal tC Owners Lap Around the Bay! Come and help make this the largest gathering of Scion tC owners on the West Coast! Everything has been planned - all you have to do is bring your tC and have a good time!
