

Hemphill and TRIMSPA® Finish in Strong Fashion

The dream season for ARCA® RE/MAX® Series driver Ryan Hemphill came to a magical conclusion on Saturday at the legendary Talladega Superspeedway. The 22-year-old driver steered his #64 TRIMSPA Dodge® to a 4th place finish in the season ending running of the Food World® 300

([PRWEB](#)) October 10, 2004 -- Talladega, AL (PRWEB) October 10, 2004 -- The dream season for ARCA® RE/MAX® Series driver Ryan Hemphill came to a magical conclusion on Saturday at the legendary Talladega Superspeedway. The 22-year-old driver steered his #64 TRIMSPA Dodge® to a 4th place finish in the season ending running of the Food World® 300.

-- We had a really strong car out there today, -- stated Hemphill. -- I just needed a drafting partner and was never really able to get that. I am very proud of this TRIMSPA team and all that we have accomplished in just 13 races this year.--

Ryan and his #64 TRIMSPA Dodge qualified eighth for the 300 mile event but would start from the rear of the field on race day as a result of an engine change. The qualifying effort led to overheating of the Ernie Elliott power plant and the decision was made to replace the engine for the race as a safety precaution. The engine change on Friday morning overlapped into the Happy Hour session and resulted in only 20 minutes of track time for Hemphill and his TRIMSPA Dodge.

The beginning of the 113 lap event saw Hemphill and his #64 TRIMSPA Dodge show their strength and charge through the field and towards the front. This would become a common theme for the day as Ryan would come from the back to the front on three separate occasions. The second time came after a long pit stop to repair the fuel vent hose and the final time came with another long trip down pit road to fix the driver's radio after he lost communication with his team.

The third and final charge to the front had Hemphill in a good position to collect his seventh win of the 2004 season. However, the lack of a drafting partner in the final stages prevented that from happening and relegated the TRIMSPA team to a fourth place finish. The finish was the tenth top 10 finish of the season in only 14 starts for Hemphill. It also capped off an incredible season that included six wins, six poles and two track records.

-- The guys at Ernie Elliott engines gave us great horsepower this week -- just as they have all year long, -- said Ryan. I want to thank the team for once again working their tails off and making this TRIMSPA Dodge strong out there on the track. I have really enjoyed this year in the ARCA RE/MAX Series and maybe we can come back and run again with them sometime.--

TRIMSPA®, a Cedar Knolls, New Jersey company is the maker of TRIMSPA® X32, the leader in weight-loss supplements. TRIMSPA is a key sponsor in the NASCAR®, racing circuit through Braun Racing, supported various events and has worked with numerous charitable organizations including the Millennium Women's Foundation, Susan G.
