

The Eastwood Company Offers Gift Ideas for the Automotive Enthusiast

Automotive and motorcycle restoration and customization is a hot hobby fueled by the popularity of such shows as [Â Orange County Choppers](#) and [Â Monster Garage](#). The Eastwood Company, a leading distributor of unique Auto Restoration Tools and Supplies, has compiled a list of great gift ideas for aficionados of these and other shows, and for every auto enthusiast from casual hobbyist to serious shop owner.

([PRWEB](#)) November 25, 2004 -- Gift suggestions are offered for any budget, with items ranging from \$15.29 to \$1,620. As a holiday bonus, Eastwood has also discounted its regular prices by 10% site-wide. For a full list of Eastwood's gift suggestions, visit

A new feature at Eastwood is the addition of a line of products for the motorcycle owner. Included in this section is the Bike Caddy, which provides an ideal storage platform for any bike over the winter. All-steel construction with swiveling casters for easy movement, the Bike Caddy is a must for rider who wants to keep his bike stable while in storage. Another unique cycle-related item is the Cycle Lift. Capable of lifting up to 1,500 pounds, the unit collapses to just 10 inches high for easier storage when not in use. The Cycle Lift makes painting, wheel changes, and mechanical work quicker and easier.

For over 25 years, Eastwood has been well-known in the restoration community for their unique, high-quality products. In fact, The Eastwood Company was recognized for their innovation by the Automotive Restoration Market Organization with a People's Choice Award for their English Wheel/Planishing Hammer Kit.

Information on the award can be found at:
