

## **Gas Scooters on Santa's List? Shop Fast Online and Save Big for Christmas!**

*With the Christmas fast approaching, you can shop from the comfort of your armchair for the gift you really want and save a bundle on your Christmas budget!*

Atlanta, GA ([PRWEB](http://www.prweb.com)) November 29, 2004 -- Gas Scooters are one of the hottest presents for Christmas because they're so cheap to own, and they help keep the air we breathe much cleaner than alternative forms of transportation. Due to the demand, many people who wanted gas scooters this year may not be able to receive one. To meet that demand and celebrate the extreme popularity of these gas scooters, Extremely Cheap Gas Powered Scooters is proud to announce a blowout Christmas sale.

The hottest gas scooter this year is available with a special price and terms for a limited time:

The 49cc Xtreme XG-499 with front and rear disc brakes, chrome frame, aluminum billet deck, free seat, free tool kit, super fast motor, CDI ignition, sticker package, and fat tires. Normally sold for \$449.95, are available for just \$249.95. Additionally, the super Xtreme XG-499 fast gas scooter comes with a 30-day manufacturer's warranty.

"This is our way of saying 'Merry Christmas' to the growing number of scooter lovers around the country," says Robert Boyd, Extremely Cheap Gas Powered Scooters CEO. "It also allows us to reduce expenses for the high cost of gasoline with scooters sipping gas at only 100 mpg. Giving children the responsibility of scooter ownership and operation also helps to prepare them for when they receive a driver's license."

In addition to the drastically reduced prices, Extremely Cheap Gas Powered Scooters is also offering Free FedEx Ground shipping within the continental United States, and no sales tax outside the state of Georgia.

Prices and terms are good from Nov. 29, 2004 through Dec. 20, 2004

Ordering is easily accomplished online. Visit <http://www.extremely-cheap-gas-powered-scooters.com/id251.html> for secure online ordering.
