

Law Enforcement Associates Receives Contracts for Under-vehicle Surveillance Systems valued at \$220,285

Law Enforcement Associates Corporation (OTCBB: LENF), a surveillance and security technology company, today announced that it has received orders for their Under Vehicle Surveillance Systems totaling \$220,285.00.

Youngsville, NC, ([PRWEB](#)) December 8, 2004 -- Law Enforcement Associates Corporation (OTCBB: LENF), a surveillance and security technology company, today announced that it has received orders for their Under Vehicle Surveillance Systems totaling \$220,285.00. These orders will ship in the fourth quarter of 2004. The units purchased by Military and Governmental agencies will be used to increase security at key U.S. installations worldwide. Paul Feldman, President commented, "Law Enforcement Associates is pleased to once again show that our UVI systems continue to be a key element in the protection of American assets and personnel worldwide, from Federal Government buildings in Washington DC to the streets of Baghdad and Fallujah." Mr. Feldman added, "Law Enforcement Associates will continue to be a time proven major manufacturer and supplier of Electronic Surveillance Equipment, Homeland Security Products and Less Lethal Weapons to law enforcement and governmental agencies worldwide."

About Law Enforcement Associates Corporation

Law Enforcement Associates, Inc. (OTCBB: LENF), headquartered in Youngsville, N.C., manufactures and markets a diverse line of undercover surveillance products including a complete line of audio surveillance equipment and Homeland Security Products. LEA currently markets to the Military, law enforcement, security and corrections personnel throughout the world, as well as governmental agencies, multinational corporations and non-governmental organizations. LEA has a history of enhancing security at major events including the Summer Olympics, Democratic National Convention, Super Bowl, Winter Olympic Games and Centennial First Flight Celebration. The company's technology is also used as a prevention and detection solution at military bases, nuclear facilities, embassies, government installations, oil refineries, and United Nations and NATO locations throughout the world. The company recently sent additional UVI units to Iraq to secure checkpoints, military and governmental locations and key public facilities in Iraq.
