

## **New York City - Double Decker Tour**

*Looking to get into a New York state of mind? For a first-timer to the city, using the subways can be a challenge. And walking, well, your feet may want to retire before your itinerary is complete. Why not make your vacation more enjoyable and let Vacations Made Easy chauffeur you around the Big Apple in comfort.*

([PRWEB](#)) December 20, 2004 -- Looking to get into a New York state of mind? For a first-timer to the city, using the subways can be a challenge. And walking, well, your feet may want to retire before your itinerary is complete. Why not make your vacation more enjoyable and let Vacations Made Easy chauffeur you around the Big Apple in comfort.

VME can schedule your New York City Gray Line double-decker bus tour. As a part of this tour, you will have 48-hour access to the line of tour busses, which offer live commentary from tour guides on countless sites and attractions throughout the metropolis. The double-decker may be escorting you around the city, however you are not confined to the vehicle. At each stop, you are given the freedom to explore on your own, and hop back on the next bus when you are ready to visit another destination.

Attractions you will visit include Central Park, Lincoln Center and the South Street Seaport Museum. Learn a little more about politics on the United Nations Tour, and perhaps you will want to take a little more time to watch history come alive at the American Museum of Natural History. And go from asphalt to water, as this tour also offers a ferry ticket to Ellis Island and the Statue of Liberty, a photo opportunity that rings of patriotism.

Aside from these main attractions, you will get to see the city come alive, day or night, through each of its many loops. You can tour the streets and avenues of downtown, uptown and Brooklyn, and perhaps recognize sights and scenes from movies set in New York. As you pass the many boutiques and shops, you may want to make a stop to go shopping or enjoy a taste of New York City cuisine.

Visiting New York City has never been so easy. Visit <http://www.vacationsmadeeasy.com> today to schedule your tour, or look into a variety of other big apple packages that are not big on your budget.
