

## **Drivers Can Stop by Genesis of Stockton to Check Out The New 2022 Genesis GV70**

*Genesis of Stockton dealership has welcomed the coveted luxury SUV to its showroom.*

STOCKTON, Calif. ([PRWEB](#)) June 26, 2021 -- The newly launched 2022 Genesis GV70 has arrived at Genesis of Stockton. It is the updated luxury SUV with a new exterior and interior design. Equipped with a new base engine and boasting a host of advanced features, the car offers an exciting experience to drivers.

Unlike the previous version, the exterior of this GV70 car is fitted with an enticing black grille. It comes in Muana red color with LED headlights. The car's exterior design looks equal parts athletic and elegant. The interior features premium-quality leather in obsidian black. It has a 14.5-inch HD display screen boasting nine speakers and an internal amplifier. The infotainment system provides one-touch access to Apple CarPlay and Android Auto.

Drivers who select the brand new [2022 Genesis GV70](#) get to experience enhanced safety via a slew of innovative features. ABS and driveline traction control, blind spot assist, electronic stability control (ECS), lane following/lane keep assist, rear parking sensors and restricted driving mode are among the features that make this car a standout.

Individuals can expect a smooth driving experience thanks to the available 3.5-liter twin-turbo V-6 engine and sport-tuned suspension. This all-wheel drive is fitted with an eight-speed automatic transmission. With the addition of innovative features, the 2022 Genesis GV70 has become a luxury car powerhouse. As this model has limited availability, the potential buyers are encouraged to take fast action.

Individuals interested in learning the details of the 2022 Genesis GV70 can visit [Genesis of Stockton](#). Prospective clients who want to speak to someone for more information can call 209-662-6400. Finally, Genesis of Stockton is conveniently located at 2979 Auto Center Circle, Stockton, California for people who want to visit the dealership in person to check out the crossover.
