

## **Boucher Express Sales Purchase Available at Boucher Nissan of Waukesha**

*Shop for your next vehicle from Boucher Nissan of Waukesha at home in seven easy steps*

WAUKESHA, Wis. ([PRWEB](#)) April 19, 2021 -- Boucher Nissan of Waukesha is a dealership that understands most people live busy lives. This is why the Boucher Express Sales Purchase option was created. Interested parties can now shop for their next vehicle from the comfort of their home. The process can be completed in seven easy steps.

Customers can start the car-shopping process by visiting the Boucher Nissan of Waukesha website and viewing the inventory page. Here people will find a variety of new and pre-owned in-stock vehicles. Sales representatives from the dealership can be reached via email, chat, text, or phone to answer questions.

Next, customers can contact a sales specialist to schedule an at-home or in-store test drive. All vehicles are sanitized before and after the test drive.

Once a vehicle has been selected, the customer can look into having their current vehicle appraised for a trade-in value. This can be completed online with the Value Your Trade tool. For a trade-in price guarantee, customers are encouraged to either stop by Boucher Nissan of Waukesha or schedule an at-home visit with a sales manager from the dealership.

A credit application can be completed next via the Request Financing page online. Boucher Nissan of Waukesha works with 25 lenders. There are financial specialists available to assist customers if they have questions. Then, the Personal Boucher Sales Manager will review the price and payment options with the customer. This can be done through email, text, Facetime, or phone call.

The customer will then have a chance to review additional warranty protection and customization options with the Personal Boucher Finance and Insurance Manager. Once this has been completed, the at-home or in-store delivery date can be scheduled. The e-signing of all final documents and a new vehicle orientation will be completed at this time.

For more information, contact Boucher Nissan of Waukesha at <https://www.waukeshanissan.com/>. Questions can be directed to the dealership staff by calling 800-504-6619. Dealership hours are Monday through Friday from 9 a.m. to 7 p.m. and Saturday from 9 a.m. to 5 p.m. Boucher Nissan of Waukesha is located at 1451 E. Moreland Blvd., Waukesha.
