

## **RefiJet Earns First Inc. 5000 Appearance in First Year of Eligibility**

*Leading Auto Loan Refinance Company Included in 2021 Rankings for Inc. Magazine's Annual List*

DENVER ([PRWEB](#)) August 19, 2021 -- [RefiJet](#), one of the nation's fastest emerging auto loan refinancing brands, has staked its claim among the industries leaders with its latest recognition. The Denver-based company was included in the newly revealed Inc. 5000 list.

Inc. Magazine released its 2021 rankings this month, with RefiJet appearing at No. 650 in [its first appearance in the coveted list](#). The company, thanks to its impressive growth in recent years, is also the No. 36 financial services company out of nearly 300 included in the list.

“We have been delighted to see the growth RefiJet has seen in its first few years, as validated by such a notable placement in our first appearance in these rankings,” said RefiJet Co-Founder and Managing Partner Reid Rubenstein. “This early growth has allowed us to invest more in our people, as we look towards an exciting future full of heightened goals and a continued commitment to our mission of bridging the gap between consumers and lenders.”

Each year, Inc. Magazine compiles its list of the nation's fastest-growing private companies, based on recent revenue growth over a three-year period. The 2021 rankings are based off of percentage revenue growth from 2017 to 2020, which were RefiJet's first full three-year period of operations.

The first few years of RefiJet's existence have been full of growth and indications of further potential. Already having more than doubled its staff since the start of 2020 and moving into a new office space to accommodate its growth, the company has been lauded for maintaining its culture. RefiJet's honors beyond the Inc. 5000 ranking include a “Best Places to Work” nod from the Denver Business Journal.
