

## **Low APR Sales Event Currently Happening at Salinas Toyota**

### *Customers Can Get Low Interest Rates on Select Certified Models*

SALINAS, Calif. ([PRWEB](#)) September 29, 2021 -- Drivers in the Salinas area who have been looking at upgrading their set of wheels may find what they are looking for at Salinas Toyota, as the dealership is offering financing for select certified pre-owned models at low annual percentage rates (APR) now through November 1, 2021.

The certified pre-owned Toyota models included in this offer are the Camry, Corolla, RAV4 and Prius, which are all among the brand's most popular models. To be considered a certified pre-owned vehicle, a used Toyota model must meet certain criteria, including having 85,000 miles or fewer on the odometer and being six years old or newer. The vehicles also go through a rigorous 160-point inspection process to ensure that the vehicle's quality is up to the brand's high standards for being considered a certified pre-owned model for sale. The CarFax® vehicle history is also reviewed prior to being put out on the lot in order to be sure it has a clean record.

Certified pre-owned Toyota models come with a 12-month or 12,000-mile (whichever comes first) limited comprehensive warranty as well as a seven-year or 100,000-mile (whichever comes first) limited powertrain warranty to help give customers added peace of mind when they finance.

The sales event at Salinas Toyota offers customers a chance to finance a certified pre-owned Camry, Corolla, RAV4 or Prius at 1.99% APR with limited terms to maturity on approved credit through Toyota Financial Services. Not all customers will qualify for these terms, and the event is subject to vehicle availability.
