

Door-to-Door Service Available from Porsche Kansas City

Porsche Drivers Can Schedule and Receive Service at Home

MERRIAM, Kan. ([PRWEB](#)) September 28, 2021 -- The last year and a half has shown the world just how many things can be done at home when it is needed, and that includes a great deal of what car shopping and vehicle maintenance entail. With a greater need to continue catering to such an environment, Porsche Kansas City offers area Porsche drivers convenient door-to-door service for their maintenance needs.

Porsche owners who are looking to keep up with their important maintenance timelines can easily schedule their service appointment on the Porsche Kansas City website. Options exist for first-time guests and returning customers alike, making the entire process smooth and convenient. Guests can then simply fill out a few different areas, including which type of service they are looking for and how many miles they have on their Porsche, to get the ball rolling. Of course, customers can also call the dealership to arrange an appointment as well.

With Porsche being such a unique and high-performance brand, those who own one cannot go just anywhere to receive service and maintenance on their sports cars. The Porsche name requires extra care and exquisite attention to detail, plus absolute expertise on the ins and outs of all Porsche models, and Porsche Kansas City promises expert care through their talented and knowledgeable service technicians. Porsche drivers can also visit the state-of-the-art service center and either wait at the comfortable waiting area or receive shuttle service to head back home. Numerous options exist for service, depending on the customer's needs.

Those interested in learning more about door-to-door service and any of the other different service options available from Porsche Kansas City are encouraged to visit www.porschekansascity.com or call 913-538-4399. Porsche Kansas City is located at 9400 W. 65th Street in Merriam, Kansas, and sells and maintains new Porsche models along with a quality selection of pre-owned vehicles from a variety of different manufacturers.
