PROUDLY REPRESENTING THE 14TH DISTRICT OF ILLINOIS

Dear Friend,

You may have noticed that gas prices are inching upwards, forcing you to pay more each time you fill up your tank. Today, the average price of a gallon of gas in Illinois is \$3.76. I'm concerned about the impact these high prices are having on small businesses and hardworking families like yours.

In Washington, I'm working across the aisle to help boost domestic energy production. As you may know, the price of gasoline is determined by the price of crude oil, which is driven by the global market. More American energy production will not only increase the supply of gasoline, it will create good-paying American jobs.

Since last year, I've helped to pass four bills increasing our nation's energy production; unfortunately, the do-nothing Senate, led by Harry Reid, has refused to vote on any of them. I'll continue to work hard to make gas more affordable for hardworking families like yours.

As always, it is truly an honor to serve you in Washington. Please contact me at 630.232.7104 or 202.225.2976 if I can be of assistance, or if you'd like to share your thoughts on the issues before Congress.

In service,

Randy Hultgren
