

SAFETY RECALL ACTION		
To:	Applicable Dealers (refer to Appendix 'A')	Reference RA-04-0014 Issued: 8 October 2010 Page 1 of 109
For the attention of:	Service Manager/After Sales Manager	
Please copy to:	The Dealer Principal The Sales Manager The Warranty Administrator Aston Martin Technician(s) The Parts Manager	
Model:	V8 Vantage, DB9 and DBS	
VIN Range:	Refer to Appendix 'A'	
Subject:	Front Bottom Suspension Arm Cam-bolts - North America Only	

Attached Documents:

1. **Appendix 'A' – List of applicable VINs**
2. **Copy of the Customer Notification letter**
3. **Copy of the change of owner or address form.**

Reason for this Safety Recall Action (RA-04-0014)

Aston Martin has determined that a defect which relates to motor vehicle safety may exist in certain V8 Vantage, DB9 and DBS vehicles between 2007 and 2008. These vehicles have been equipped with front bottom suspension arm cam-bolts that may be out of specification. It is possible that such bolts could crack and cause the steering and handling of the vehicle to be affected.

As a precaution, we have decided to change the two front bottom suspension arm cam-bolts on all vehicles in the attached VIN list in Appendix 'A'. Refer to the procedure that follows to change the rear cam-bolt that attaches each of the front bottom suspension arms on the affected vehicles.

PLEASE DO A CHECK OF ALL VEHICLES THAT ARE IN THE AFFECTED VIN LIST.

Legal Requirements

The National Traffic and Motor Vehicle Safety Act, as amended, provides that each vehicle which is subject to a recall campaign of this type must be adequately repaired within a reasonable time after the owner has tendered it for repair. Failure to repair within sixty (60) days after tender of a vehicle is prima facie evidence of failure to repair within a reasonable time.

If the condition is not adequately repaired within a reasonable time, the owner may be entitled to an identical or reasonable equivalent vehicle at no charge, or to a refund of the purchase price less a reasonable allowance for depreciation.

To avoid having to provide these burdensome solutions, every effort must be made to promptly schedule an appointment with each owner and to repair their vehicle as soon as possible. As you will see in reading the attached copy of the letter that is being sent to owners, the owners are being instructed to contact Aston Martin Customer Service if their dealer does not remedy the condition within three (3) days of the mutually agreed upon service date. If the condition is not remedied within a reasonable time, they are instructed on how to contact the National Highway Traffic Safety Administration.

IMPORTANT: Some of the involved vehicles may still be in your Dealer inventory. Federal law requires you to complete the recall service on these vehicles before retail delivery.

Communications

Because of the quantity of vehicles that are affected by this problem, please write to every owner directly to tell them about this Safety Recall Action. A copy of the letter is attached at the end of this RA for you to copy. There is also a copy of the Customer "Change of Address or Ownership" form. Please include a copy of this with each Customer letter. When you send the letter to the Customer, you must:

- Clearly mark the envelope "**SAFETY RECALL NOTICE**" in capital letters and large type that is different from the Customer's address.
- Send the notification letter by first class post.

When the Customer calls to make an appointment, briefly describe the remedial work which will be done to the consumer's vehicle. Tell the owner that the repair will be done at no cost to them. To claim for your administration and stationary and administration costs, refer to "Warranty Data" at the end of this procedure.

Service Reception Desk – Checks you must do before you book the vehicle in.

Before you start work, log on to the Online Dealer Warranty (ODW) system. Do the steps that follow:

1. Select the Warranty Live screen (Outstanding Campaigns Status).
2. Use the VIN list in Appendix 'A' to do a check of the VINs in your control.
3. Find out if there are other open Service Actions (SAs) or Recall Actions (RAs) for the vehicles in the list.
4. List the SAs and RAs and plan the work so that the Customer only needs to come to your Dealership once.

Note: *The ODW system operates in real-time. Thus, the online condition shows only the newest Dealer Warranty Claim submissions.*

This Safety Recall Action Includes the Sections That Follow:

- Workshop Procedure
- Appendix 'A' – List of applicable VINs
- An example of the Customer letter
- An example of the Customer's change of owner or address form.

Workshop Procedure

1. Lift the vehicle and make it safe.
2. Remove the front undertray (refer to Workshop Manual procedure 01.02.NB).

3. Get access to the cam-bolt at rear of the front, bottom suspension arm at the left side of the vehicle.
4. Apply paint marks to the flexible bush and subframe at the three positions shown in green by the arrows in Figure 1.
5. Do step 4 again on the bottom suspension arm at the right side of the vehicle.
6. Let the paint dry.
7. Use a scribe to make a line in the paint to show the position of the flexible bush in relation to the subframe at both sides.

Figure 1

8. Remove the nut from the rear cam-bolt on the bottom front suspension arm at the left side. Collect the cam washer.
9. Carefully remove the cam-bolt. Try not to move the bush when you do this.
10. Install a new cam-bolt, the cam washer and a new nut. Do not fully tighten the cam-bolt and nut at this step.
11. Check that the marks that you made on the bush during removal are aligned.
12. Torque the nut to 115 Nm.
13. Do a check again that the marks on the bush and the subframe are aligned.
14. If necessary, loosen the nut and align the bush again, then torque the nut.
15. Do steps 8 thru 14 again for the bottom front suspension arm at the right side.
16. Install the front undertray (refer to Workshop Manual procedure 01.02.NB)
17. Make an entry in Section A of the Vehicle Owner's Guide to show that the procedure is completed.

Warranty Data

Make sure that you submit your claim promptly after the work is completed. The records of your claims are used in the reporting process for the Recall Action that Aston Martin need to submit to the National Highway Traffic Safety Administration.

Description	Labour Time
Replace the rear cam-bolt that attaches each of the front bottom suspension arms.	DBS - 0.8 hours

Dear (Customer)

Safety Recall Action (RA-04-0014) – Front Bottom Suspension Arm Cam-bolts

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Aston Martin has determined that a defect which relates to motor vehicle safety may exist in certain V8 Vantage, DB9 and DBS vehicles between 2007 and 2008. These vehicles have been equipped with front bottom suspension arm cam-bolts that may be out of specification. It is possible that such bolts could crack and cause the steering and handling of the vehicle to be affected.

WHAT WE WILL DO

The two front bottom suspension arm cam-bolts on your vehicle will be replaced completely free of charge.

WHAT YOU SHOULD DO

Please contact your Aston Martin Dealer as soon as possible to arrange a service date and so the Dealer may order the necessary parts for the repair. Instructions for making this correction have been sent to your Dealer and the parts are available. The labor time necessary to perform this service correction is approximately one hour. Please ask your Dealer if you wish to know how much additional time will be needed to schedule and process your vehicle.

Your Aston Martin Dealer is best equipped to obtain parts and provide service to ensure that your vehicle is corrected as promptly as possible. If, however, you take your vehicle to your Dealer on the agreed service date, and they do not remedy this condition on that date or within three days, we recommend you contact Aston Martin Customer Service by calling 1-888-923-9988.

After contacting your Dealer and Aston Martin Customer Services, if you are still not able to have the safety defect remedied without charge and within a reasonable time, you may wish to write to the Administer, National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590 or call 1-888-DASH-2-DOT (1-888-327-4236). (Washington DC residents use 1-202- 366-0123).

If you have sold or traded your vehicle, please let us know by completing the enclosed Change of Owner form and returning it to us. We are sorry to cause this inconvenience. However, we have taken this action in the interest of your safety and continued satisfaction with our products.

Yours faithfully
Chris E Baker

General Manager, After Sales Operations

Copy of the Customer Change of Address or Ownership Form

ASTON MARTIN

**DBS, DB9 and V8 Vantage - All Models
Recall Action RA-04-0014**

Subject: Front Bottom Suspension Arm Cam-bolts

CHANGE OF ADDRESS OR OWNERSHIP

Vehicle Identification Number (VIN)

Registration Number (Where Known)

Please tick the applicable box:

I do not own/operate this vehicle now. The vehicle has been:

- Stolen (1)
- Scrapped (2)
- Sold/transferred to a new owner (3)
- Part exchanged at an Aston Martin dealer (4)
- Part exchanged at a non-Aston Martin Dealer (5)
- Declared an insurance write-off (6)
- Permanently exported to another country (7)
- Returned to the lease company (8)
- Sold at Auction (9)
- The address you have used is incorrect (10)

If you have ticked a box from (3) to (10), please record the latest known keeper information below:
