**Safety Recall #2010100002
Power Steering Line Connection Fitting**

October, 2010

Dear Mercedes-Benz Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler AG (DAG), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2010 C-Class, E-Class Coupe, E-Class Sedan and Model Year 2011 E-Class Cabriolet vehicles with regard to the power steering line connection fitting. Mercedes-Benz USA, LLC (MBUSA) therefore has initiated a recall of these vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

WE SENT YOU THIS NOTICE BECAUSE WE ARE CONCERNED ABOUT YOUR SAFETY.

DAG has determined that the power steering system in the subject vehicles may fail due to the loss of power steering fluid. The connection fitting on the high-pressure power steering line at the connection to the pump did not have sufficient torque applied during the production process. Loss of torque of the connection fitting may, over time, result in a loss of power steering fluid. As a result of the loss of power steering fluid, owners may not have sufficient control of the vehicle in areas, such as parking, where maximum power steering is required, and could lead to a vehicle crash. MBUSA therefore has initiated a recall of all potentially affected vehicles described above.

Your authorized Mercedes-Benz dealer will check, and retorque the connection fitting. The O-ring seal will be exchanged as a precautionary measure in all cases where the connection fitting shows evidence of loosening.

This service will be provided free of charge. The working time required is approximately one half hour. As a matter of normal service process, your authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time. Please contact your authorized Mercedes-Benz dealer for additional information and to schedule an appointment at your earliest convenience. Please mention Recall Campaign #2010100002.

If you are no longer the vehicle owner, or have a change of address, please complete the reverse side of this letter and return the complete letter in the enclosed envelope. If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee. If you have paid to have this recall condition corrected prior to this notice you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.

Please contact your authorized Mercedes-Benz dealer should you have any questions or encounter any difficulty regarding this recall. If your dealer is unable to remedy your situation please contact us at 1-(800) FOR-MERcedes (1-800-367-6372).
