IMPORTANT SAFETY RECALL
NHTSA Recall Campaign # 14V-089

Dealership Name
Address
City, State Zip

Dear Jayco Dealer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Defect Involved

Jayco has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2014 Jay Flight Swift travel trailers manufactured with the Baja Edition Option. Affected units were manufactured between January 10, 2014 and January 13, 2014. The Federal Id label and Tire Label incorrectly note the tire size as ST205/75R14C when the correct tire size on the trailer is LT235/75R15C. Incorrect tire size could lead to excessive wear and may cause instability in towing of the travel trailer which could increase the risk of a crash causing personal injury or property damage.

The remedy is replacement of the current Federal Id Label and Tire Label with the correct label showing tire size as LT235/75R15C. The corrected labels are included with the Recall Notification Letter. Customers may replace the labels or take to a Jayco Dealer to perform this recall at no charge. If Customers choose to perform this call, they are to follow the included instructions and return the enclosed document to Jayco to confirm the recall repair has been completed. Our records show the following 2014 Jay Flight Swift Travel Trailers are affected by this recall and are currently stock units at your dealership: *Serial Number Listing*
