

Military AutoSource Introduces the Redesigned 2016 ROUSH Warrior Mustang

Military AutoSource partnered again with ROUSH Performance to design a special edition Ford Mustang exclusively for those serving with the U.S. Military overseas.

WOODBURY, NY ([PRWEB](#)) February 23, 2016 -- Following the overwhelming response to their first project together in 2015, Military AutoSource (MAS) and ROUSH Performance have partnered again to design the 2016 ROUSH Warrior Mustang. Additional equipment includes the GT Performance Package, Shaker™ Pro Audio System, Instrument Cluster Overlay, and custom Warrior badging.

New features for the 2016 Warrior includes racing grade half shafts, navigation, and a Warrior Side Stripe Package available in three colors; Race Red Exterior with a White Stripe and Blue Accent; Deep Impact Blue Exterior with a White Stripe and Red Accent; and Shadow Black Exterior with a Red Stripe and White Accent.
