

SAE International Announces Slate of Professional Development Courses for 2016 World Congress

SAE International will offer 28 professional development seminars at the SAE 2016 World Congress, which will be held April 12-14 at Cobo Center in Detroit. Executive Leadership for the SAE World Congress is being provided by Toyota, and the Tier One Strategic Partner is Aisin.

WARRENDALE, Pa. ([PRWEB](#)) February 25, 2016 -- SAE International will offer [28 professional development seminars](#) at the [SAE 2016 World Congress](#), which will be held April 12-14 at Cobo Center in Detroit. Executive Leadership for the SAE World Congress is being provided by Toyota, and the Tier One Strategic Partner is Aisin.

Seminar registrants get complete access to SAE World Congress activities for only \$55 per day, a savings of almost \$400 off the SAE World Congress on-site daily rate and a nearly \$1,200 savings for all three days.

Professional development seminars in conjunction with or at the SAE 2016 World Congress include:

- (April 11) Exhaust Flow Performance and Pressure Drop of Exhaust Components and Systems
- (April 11) Emissions-Related OBD Systems: A Design Overview
- (April 11) Engineering Drawing Requirements 1-day Workshop
- (April 11) Developing In-Vehicle User Interfaces: Design Principles and Techniques
- (April 11) Success Strategies for Women in Industry and Business
- (April 11) Introduction to Brake Noise, Vibration, and Harshness
- (April 11-12) Engineering Project Management
- (April 11-12) Corrosion Engineering and Prevention
- (April 11-12) Hybrid and Electric Vehicle Systems
- (April 11-13) Turbocharging Internal Combustion Engines
- (April 11-13) Fundamentals of Modern Vehicle Transmissions
- (April 11-13) Weibull-Log Normal Analysis Workshop
- (April 11-13) Vehicle Dynamics for Passenger Cars and Light Trucks
- (April 12-13) New! Software Assurance: Input Validation
- (April 12-13) Diesel Engine Technology
- (April 12-14) Fundamentals of GD&T 2009 - 3-day Public Workshop
- (April 13) Vehicle User Experience: Human Factors Principles and Techniques for Design, Research and Development
- (April 13) Automotive Lighting: LED Applications
- (April 13-15) Managing Engineering & Technical Professionals
- (April 14) Reconstruction and Analysis of Motorcycle Crashes
- (April 14-15) The Basics of Internal Combustion Engines
- (April 14-15) New! Introduction to Embedded System Exploitation
- (April 14-15) Automotive Lighting: Design and Technology
- (April 14-15) Accelerated Test Methods for Ground and Aerospace Vehicle Development
- (April 14-15) Advanced Diesel Particulate Filtration Systems
- (April 14-15) New! Introduction to Active Safety Systems
- (April 15) Common Rail Diesel Fuel Injection

- (April 15) Reconstruction and Analysis of Rollover Crashes of Light Vehicles

In addition, the following seminars will be taking place at SAE Troy office:

- (April 11-12) Design of Experiments for Engineers
- (April 11-13) Principles of Cost and Finance for Engineers
- (April 12-13) Control Systems Simplified
- (April 14-15) Powertrain Selection for Fuel Economy and Acceleration Performance

For information about the professional development courses offered in conjunction with the SAE 2016 World Congress, visit <http://www.sae.org/congress/pdseminars.htm>. Or, contact SAE International Customer Service by emailing customerservice@saedotorg or calling +1.877.606.7323 (U.S. and Canada only) or +1.724.776.4970 (outside U.S. and Canada).

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting over 127,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our philanthropic SAE Foundation, including programs like A World in Motion® and the Collegiate Design Series™.
