

## **The Latest Paint and Body Products and Tools Now Available at Summit Racing**

*Summit Racing now carries Evercoat body fillers, Preval paint sprayers and airbrush kits, and its own brand of bossing mallets for metalworking.*

Tallmadge, OH ([PRWEB](#)) April 21, 2016 -- Summit Racing now carries Evercoat body fillers, Preval paint sprayers and airbrush kits, and its own brand of bossing mallets for metalworking.

### [Evercoat Body Fillers](#)

Evercoat body fillers have long been the go-to choice for professional auto body repair shops and show-winning home hotrodders. Summit Racing carries the full line of Evercoat products including Rage Gold lightweight filler, Metal-to-Metal aluminum-reinforced body filler for areas near body seams and component mounting points, and Metal Glaze finishing putty for smoothing out grinding marks and filling pinholes.

### [Preval Paint Systems](#)

Preval makes paint systems that are easy to use and deliver professional-quality results. The systems are compatible with most common automotive primers, basecoat paints, clearcoats, stains, and lacquers. Choose from Preval's famous cartridge-based Paint System, the vPal compressor-less airbrushing kit, airbrushes and compressors, and accessories.

### [Summit Racing Bossing Mallets](#)

Bossing mallets are an essential component of any metal shaping tool kit. The mallets allow fabricators to easily form metal into contour shapes—fenders, hoods, and panels—using a shot bag or wooden form. Summit Racing offers bossing mallets in three weights. They feature a contoured grip to promote a balanced, steady swing for maximum striking power.
