

## **Auto Truck Group Awarded Ford Fusion Ship-Through Status**

*The company now offers ship-through services to customers at a competitive rate.*

Bartlett, IL ([PRWEB](#)) April 07, 2016 -- Auto Truck Group, a work truck [upfitter](#) specializing in the design, manufacture and [installation](#) of equipment, was recently awarded Ford Fusion ship-through status out of Auto Truck's Kansas City facility. As one of only two Ford Fusion ship-through codes available, the company will provide services to clients at a competitive rate thanks to the Kansas City facility's close proximity to the Ford assembly plant.

“The Ford Fusion is a versatile vehicle that many of our customers use for supervisors, sales, and service-oriented positions,” said Corey Stanley, senior director of sales. “Auto Truck Group is proud to offer our clients another ship-through solution when these vehicles require corporate branding or other upfit needs.”

The Kansas City ship-through code is 31A D9R. When fleets order the new Ford Fusion and use the Auto Truck Group ship-through code, the vehicles will be sent directly to Auto Truck Group's facility for any decal or upfitting needs. Once complete, the vehicles will be returned to the factory to be entered into Ford's transportation system to the end destination.

### About Auto Truck Group
