

## **BraunAbility Joins BLVD.com to Offer New Online Shopping Experience for Mobility Vehicles**

*BLVD.com connects consumers with all the brands and manufacturers in the mobility industry*

([PRWEB](#)) April 25, 2016 -- BLVD.com announced its newest member, BraunAbility, the largest manufacturer of mobility vehicles both in the U.S. and internationally. As the largest online resource for accessible vehicles, [BLVD.com](#) connects consumers with all the brands and manufacturers in the mobility industry. By teaming up with BraunAbility, BLVD.com will provide consumers with the most comprehensive approach to researching and purchasing BraunAbility accessible vehicles all in one place.

As an award winning company, BraunAbility is known for its quality wheelchair vans and wheelchair lifts. With over 50 years of experience, BraunAbility has a strong history of manufacturing the safest and highest quality accessible vehicles. In fact, the first ever accessible vehicle was built by the founder, Ralph Braun, who at a young age was diagnosed with Muscular Dystrophy and lost his ability to walk. He was determined to live independently and his innovation led to significant breakthroughs for the mobility industry.

With more people needing accessible transportation due to disability, age or injury, BLVD.com is the only website to showcase all manufacturers from the mobility industry on one site. Now that BraunAbility has joined BLVD.com, consumers will be able to view and research the largest selection of mobility vehicle brands including Toyota, Honda, Chrysler, Dodge, and Ford. BraunAbility offers 36 different conversion options including side entry models like the Entervan, CompanionVan, RampVan and either Power or Manual Rear Entry which can all be compared on the BraunAbility [Products page](#) on BLVD.com.

BraunAbility's latest mobility vehicle is built on the Ford Explorer, the BraunAbility MXV. This accessible SUV is the first for the mobility industry and has the space of an accessible minivan but the style of an SUV. To view more vehicle specs including a high definition photo gallery and current inventory, visit the [BraunAbility MXV page](#).

Currently on BLVD.com, there are over 480 BraunAbility vehicles for sale throughout the country including new, Certified Pre-Owned, and used. BraunAbility has the largest dealer network in the U.S., with over 250 sales and service locations which can be found on the [Dealers page](#) on BLVD.com. When the consumer visits the page, local results will be shown for dealers near them. This gives consumers faster access to mobility sales members and inventory that is available. All of BraunAbility's dealers are members of NMEDA (National Mobility Equipment Dealers Association) which adhere to the highest safety and quality standards. For more information on BraunAbility visit BLVD.com.
