

AMSOIL and Wappman Motorsports Sponsoring The Kumho Tires 12 Hours at Summit Point Race

AMSOIL Inc., a leader in synthetic lubricants, and Wappman Motorsports, an AMSOIL dealer, are contingency sponsors of the fifth annual Kumho Tires 12 Hours at Summit Point to be held on Saturday, June 5, 2004, in Summit Point West Virginia.

([PRWEB](#)) December 19, 2003 --"We are pleased to offer this sponsorship for The Kumho Tires 12 Hours at the Point," said Bruce Wappman, owner of Wappman Motorsports and driver of the company's Plymouth Neon.

"I have been a team owner and driver in the event for the past three years, and I am excited about providing an incentive to the 50 plus teams that will be competing in this year's race."

Over \$1500 worth of AMSOIL products will be awarded to racers and volunteer workers after the checker flag is dropped at midnight concluding 12 hours of racing at the Point. This grueling once-around-the-clock race is the longest perennially held amateur endurance event sanctioned by Sports Car Club of America (SCCA).

"SCCA Club racing drivers are not accustomed to prize money or contingency prizes," added Wappman. "I know that the entrants in this year's event will be very pleased to see AMSOIL and the other sponsors that have stepped up to offer prizes."

Not only will the racers on the track have an opportunity to take home some AMSOIL products, but some of the more than 200 volunteers who help to put the event on will also have a chance to receive AMSOIL products.

"It takes a large number of people to organize and run this great event. I wanted to offer them a thank you," said Wappman

AMSOIL sponsors all type of racing across the country from snowmobile racing, motocross, and F-1 powerboat racing. Since creating the first synthetic motor oil in 1972 AMSOIL has gone on to develop the most complete line of synthetic lubricants and automotive products in the world. The history of AMSOIL product innovations is a checklist of industry firsts.

Wappman Motorsports is dealer of AMSOIL Products. For more information on AMSOIL products or Wappman Motorsports racing contact, Bruce Wappman at 1-877-290-0135, or visit www.thebestsyntheticoil.com.

The race at Summit Point, like all SCCA races, is open to spectators and will take place rain or shine on June 5. More event information on the race can be found at www.12hoursatthepoint.org
