

## **Journalists Invited to Attend SAE International On-Board Diagnostics Symposium in Stuttgart, Germany**

*Transportation journalists are invited to attend the SAE 2015 On-Board Diagnostics Symposium – Europe, which will be held March 2-4 in Stuttgart, Germany.*

WARRENDALE, Pa. ([PRWEB](#)) January 06, 2015 -- Transportation journalists are invited to attend the SAE [2015 On-Board Diagnostics Symposium – Europe](#), which will be held March 2-4 in Stuttgart, Germany.

During the event, industry experts will address and discuss many of the most pressing on-board diagnostics technology topics. Discussions and presentations will focus on solutions aimed at meeting both California Air Resources Board (CARB) and European Commission regulations. The meeting will provide updates on, and industry reaction to, the latest standards and regulatory information.

Keynote speaker for the symposium will be Volker Lantzsch, Manager OBD Interfaces with Volkswagen AG.

Breakout sessions during the event will include:

- Communication Standards
- Electrification
- Diesel Misfire Monitoring for NAFTA
- Diesel Aftertreatment

For a full list of technical sessions and topics, visit <http://www.sae.org/events/obd-eu/attend/program/>.

In addition, the SAE 2015 On-Board Diagnostics Symposium – Europe will feature an impressive slate of technical experts from OEM's and Tier 1 suppliers, including Fiat Chrysler Group, Ford Motor Company, General Motors Corporation, Toyota, Volkswagen Group, Cummins, Delphi, and more.

For more information about the SAE 2015 On-Board Diagnostics Symposium – Europe, or to register, visit [www.sae.org/events/obd-eu](http://www.sae.org/events/obd-eu). To request media credentials, email [pr\(at\)sae\(dot\)org](mailto:pr(at)sae(dot)org) or call 1-724-772-8522.

This event is also being held in Indianapolis, Indiana, USA on September 15-17, 2015.

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting over 145,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our charitable arm, the SAE Foundation, which helps fund programs like A World in Motion® and the Collegiate Design Series™.
