

Cross Lander SRV -- The SUV Alternative

Cross Lander will be the Off Road Enthusiasts Vehicle of Choice. An Exclusive First Look at Cross Lander USA's CL-244 Model

([PRWEB](#)) April 20, 2004 --From the heart of the Amazon, with proven long lasting historic roots back to Eastern Europe, All New to the SRV and 4x4 Scene is the upcoming availability of an imported vehicle called the "Cross Lander". With its heritage based on the familiar ARO platform, this new version out paces the older simple 4x4 of Romanian past, with its totally finished sport recreation ride and handling, it's decked out for US standards and discriminating tastes.

The Cross Lander CL-244 4x4 Brings True Sport Recreational Performance On and Off the Highway. The first Cross Lander model to be introduced is the CL-244. The 244 is a full sized, four-door, Multi Purpose Recreational Vehicle that boasts a 4.0 liter V6 207 hp EFI SOHC ENGINE with 238 lbs. of torque.
