

InventHelp Inventor Designs a Female-Friendly Tank Bag (DHM-342)

Pittsburgh-based InventHelp, a leading inventor service company, is submitting this client's idea, Tank Purse, in the hopes of a good faith review.

PITTSBURGH, PA ([PRWEB](#)) October 10, 2017 -- PITTSBURGH...An inventor from Fuguay Varina, N.C., likes to ride sports bikes, but every time she does, she has to keep her belongings in a masculine tank bag or in a trunk. "In order to provide a more convenient and female-friendly way of doing this, I came up with this design," she said.

The patent-pending TANK PURSE serves as a female-friendly alternative to conventional tank bags. It eliminates the need to store items in a trunk, as well as keeps items safe and within reach. Featuring an aesthetic design and compatible with all motorcycles, the TANK PURSE's variations include different sizes, shapes, colors and styles.

The original design was submitted to the Durham office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 16-DHM-342, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
