

How to Get a Better Car with Credit Challenges: The Ultimate Guide to Buy Here Pay Here Dealerships

J.D. Byrider releases the ultimate guide to buy here pay here dealerships.

CARMEL, Ind. ([PRWEB](#)) February 10, 2017 -- Customers looking to buy a vehicle with less than perfect credit now have a new resource: J.D. Byrider's Ultimate Buy Here Pay Here Guide. The Carmel-based used car company has released a detailed guide for customers who are in need of a vehicle but don't qualify for financing through traditional lenders.

When someone in the market for a vehicle visits a traditional dealership, getting approved for a loan is a more rigid process since their credit application is sent to a financial institution and they don't have any control over whether they get financed or not. Buy here pay here dealerships provide their own financing and on the spot decision making for an easier approval process.

“We want our customers to be informed to make the best decision and feel comfortable with the car buying process, we believe this guide will help accomplish that,” said DJ Sprague, Chief Marketing Officer for J.D. Byrider. “Whether they’ve struggled to make payments in the past or they’ve recently fallen on hard times, they should know that purchasing a vehicle from the right buy here pay here dealer is still a good option that provides after the sale support.”

To find out more details on the guide or for information on purchasing from J.D. Byrider visit: <http://www.jdbyrider.com/Why-JD-Byrider/buy-here-pay-here-car-dealer>

The guide includes a detailed infographic and educates buyers about the following:

- How financing through a buy here pay here works
- Three ways buy here pay here dealerships are different than traditional dealerships
- Why some buy here pay here dealerships are better than others
- Five things to consider when buying a used car
- The importance of buying a car with a clean title
- Why the approval process through the dealership is typically easier
- How J.D. Byrider can help improve a customer's credit score
