PALO ALTO, CA ([PRWEB](http://PRWEB)) June 29, 2004 -- RVShark ( [www.rvshark.com](http://www.rvshark.com) ) began coverage of South Dakota this week to accommodate its growing collection of candid, RVer-based RV park reviews.

The first South Dakota RV park reviewed on RVShark is Hyatt's Green Acres in Emery.

A state is added to RVShark when necessary to accommodate a new review. A review is published only after it has been thoroughly researched and validated. RVShark discards well over half of all incoming reviews as insufficient or inauthentic.

Whether positive or negative, reviews submitted to RVShark that are deemed honest are published. RVShark's editorial and submission guidelines are posted on its website, at the <http://www.rvshark.com/about.htm> Internet address.

RVShark now has reviews covering RV parks in 30 U.S. states. The website also covers RV parks in Mexico. Most of RVShark's reviews concern parks located in Florida and Texas. Earlier this quarter, RVShark added Montana and Wisconsin.
