

Inteva Products Featured at The 2015 North American International Auto Show

More than 100 Inteva products will be showcased in 17 Global Automotive Brands

Troy, MI ([PRWEB](#)) January 12, 2015 -- Inteva Products, LLC, a leading global automotive supplier, is proud to announce that its components and systems will be featured within the vehicle models unveiled by 17 of the 36 automakers exhibiting at the 2015 North American International Auto Show (NAIAS) at Cobo Hall in Detroit, Mich. More than 100 Inteva products from the company's four product lines – Closure Systems, Interiors Systems, Motors and Electronics, and Roof Systems – will be prominently showcased in vehicles at the event.

Inteva offers value-based, innovative and environmentally friendly products that enhance quality and performance for global OEMs. Inteva holds a strong commitment to the development of new materials, value-based innovations, and advanced process technologies to better serve automotive customers.

The following is a synopsis of Inteva products featured at the 2015 NAIAS:

- **Roof Systems:** Inteva designs, engineers and manufactures sunroofs, panoramic roofs and full roof modules to meet customer demands for low mass, low noise levels and optimum headroom with maximized vehicle body strength.
- **Interior Systems:** Inteva's interiors offer a range of materials and processes that are carefully designed and manufactured to create high quality and modern interiors that consumer's desire.
- **Closure Systems:** Inteva is the leading supplier in latch production, producing over 42 million latches each year.
- **Motors and Electronics:** Inteva's Motors and Electronics product line offers a range of robust and efficient electric motors for automotive and light duty consumer applications.

“Inteva creates award-winning solutions focused on safety, comfort, cost, quality, mass reduction and environmental performance,” said Inteva Vice President of Sales and Marketing Gerard Roose. “We are pleased to see our products in many of the new models being displayed by our customers at the show.”

A sampling of the 2015 global vehicles featuring Inteva components include the sunroofs on the BMW 2 and 5-Series; the consoles and instrument panels in the Chevrolet Suburban and Tahoe; and latch and closure systems in the Volkswagen Beetle, Golf, Jetta, Passat and Tiguan.
