

## **Transportation Insurance Industry Veteran Kevin Hutelmyer joins TranSharpe Solutions, LLC as Vice President**

*Hutelmyer will expand offering InsurTech for the Transportation industry patent-pending Software as a Service (SaaS): FleetVIMS*

CHARLOTTE, N.C. ([PRWEB](#)) November 19, 2020 -- TranSharpe Solutions, LLC (“TranSharpe”) announced today the addition of Kevin Hutelmyer as Vice President to support and expand its flagship product to insurance agencies with transportation clients of all sizes, FleetVIMS (Fleet Vehicle & Insurance Management System). Hutelmyer brings over 20 years of wholesale commercial auto insurance experience and a technology background where he worked closely with hundreds of insurance agents focused on various vehicle types.

“I was really impressed with the functionality and potential of FleetVIMS from the first time I saw it in action,” Hutelmyer said. “My mind immediately went to how this software could help agents and their transportation clients. I wanted to be a part of guiding this product to its fullest potential and creating new products to help make agents’ jobs easier through efficiency and accuracy, so they can get back to what they do best - helping their clients.”

FleetVIMS improves the productivity of vehicle insurance management through its patent-pending processes helping insurance agencies with trucking, motor coach, buses, taxis, or other transportation fleets. FleetVIMS is built on state-of-the-art technology with future 3rd party integrations including Agency Management Systems (AMS).

“We are thrilled that Kevin saw the potential we see to help more agencies with FleetVIMS and future planned services,” said Andy Sharpe, President of TranSharpe. “We believe Kevin’s reputation and network in the transportation insurance industry will strengthen and improve our presence. Kevin’s rare trifecta of expertise in Transportation, Insurance, & Technology will be a huge asset to our clients for years to come.”

Hutelmyer continued, “Andy and I worked together extensively when I was on the MGA side and he was working as a retail agent. His dedication to accuracy and working in the best interests of his clients really stood out. The team he has brought together seeks to continue that vision and improve the experience of each client.”

### About TranSharpe Solutions, LLC

TranSharpe Solutions, LLC is an InsurTech helping transportation, trucking, and commercial auto focused insurance agencies along with their clients by elevating their technology & vehicle insurance management. This is done by providing specialized easy to use Software as a Service (SaaS) solutions including clients’ direct access, communication, & transparent audit trail.
