([PRWEB](#)) May 12, 2004 -- Maddocks Systems Inc., a leading supplier of software solutions for the transportation and logistics industry, continues to experience tremendous sales growth during 2004. Hutt Trucking Company Inc, of Hamilton, Michigan, has recently selected Maddocks TruckMate for Windows (TM4Win), as their new enterprise-wide software solution.

“We needed a new software solution to maintain productivity and increase efficiencies as our company continued to grow,” explained Jim Hutt, President of Hutt Trucking Company. “With TruckMate we will now be able to utilize the power of the Windows operating system in our dispatching environment.”

Hutt Trucking Company (HTC) operates a fleet of over 50 power units supported by 90 refrigerated trailers. The company specializes in providing refrigerated truckload and less-than truckload services to shippers of perishable food products. HTC’s commitment to servicing the unique needs of this challenging market place has earned the company a reputation for on time delivery of shipments and reliability.

“I expect our company to benefit from the TruckMate LTL multi-load dispatching and crossdocking consolidation modules,” added Hutt. “These features combined with a complete integration to our mobile communication system will help increase the level of customer service we can provide shippers.”

In addition to HTC’s asset-based operation the company also offers national brokerage services. Similar to other diversified carriers HTC will benefit from the flexibility of TruckMate for Windows to operate transportation and brokerage divisions within one integrated software solution.

Founded in 1981, Maddocks Systems Inc. ([www.maddockssystems.com](http://www.maddockssystems.com)) provides software solutions exclusively to the transportation and logistics industry. Truckmate for Windows, is an enterprise-wide client server product designed to meet the needs of Truckload, LTL, Brokerage/Logistics, Bulk, Intermodal and Private carriers. With over 400 installed systems, Maddocks is one of the leading trucking software providers in North America.
